

Recycling and Refuse Management Committee Meeting Minutes

October 3, 2012 • Department of Public Works • Conference Room, 8:00 AM

In attendance: Sue M., John R., Brenda D., Laurel D., Susan W.

Foam Free Subcommittee update –

The subcommittee is currently finishing up visits to restaurants which were identified as using foam. The Board of Health will write a letter to endorse the Town Meeting Foam-Free bylaw warrant. The proposed bylaw needs to be sent to Town Hall on Tuesday 10/9/12.

Town Counsel has given initial positive response and will provide any needed edits to the language of the bylaw. Next step is to update the foam-free restaurant list on GoogleDocs.

New groups that need to be contacted identified: Public schools, nursing homes, elder lunch program, Survival Center.

Motion: To approve the proposed foam bylaw with whatever edits are suggested by Town Counsel and with clarification included concerning the coverage of public schools. Motion seconded and approved unanimously.

Laurel departed at 8:45am. Quorum is no longer met.
